Gerry Hope, Project Director

THE CLAN CONFERENCE VIDEO CATALOG

The tapes you can order with this catalog are "raw" tapes. This means they have not been produced — there is no switching between cameras. Although there a few rough sections, especially during tape changes, the good news is that nothing of importance has been edited out.

There were two video cameras in operation during the Clan Conference. At the morning and evening sessions, both cameras were taping simultaneously. The cameras split up to cover one workshop each during the afternoons. When both cameras were operating, Camera A was always located in the center rear, and Camera B was to the front and one side of the hall. If you have home editing capabilities, by ordering both A&B tapes, you can fully edit complete sequences, using the best from each camera's tapes.

Unless otherwise indicated, we will send you Camera A videos for all but those workshop tapes recorded by Camera B.

Although Camera A recorded at a higher level of video resolution, it had some initial sound recording problems. You will experience some sound distortion with camera A video tapes on Thursday night, during Richard Jackson's remarks Friday morning, and initial sound distortion Friday night. The sound recording quality from Camera B is good, but remember that this camera was positionedto the right of the ANS Hall during the morning sessions, and at a low angle to the left of the stage at the Performing Arts Center during the evening performances.

ABOUT ORDERING THE VIDEO TAPES

The Clan Conference Planning Committee encourages you to make the most of these video tapes for education, instruction, and entertainment. Any commercial or professional use of the tapes must be sanctioned by the Conference Committee. We suggest copying the order form before you fill it out, and use a pencil in case you wish to revise your order. Sign your name with an ink pen.

Videographers: **Camera A, Dan Etulain, North Star Television, Sitka, 747-8200**
Camera B, Tony Armlin, Ringer Graphics, Juneau, 463-3040

THURSDAY, MAY 6, 1993
KLUKWAN ANS HALL
